### Mission Statement

St. Elizabeth | Coleman Pregnancy & Adoption Services, rooted in Catholic tradition, believe that every child has a right to a healthy, loving family. We provide life long services to empower women and families of all faiths by offering support, compassion and professional guidance.

## Why use Positive Adoption Language?

At St. Elizabeth | Coleman we promote and advocate for the use of Positive Adoption Language. This is for the benefit of the entire Adoption Triad. When someone says, “they put up their baby” it has a negative connotation and takes the power away from the adoption story. Instead use, “the child was placed for adoption” giving the context that a plan was made, and the child has value and purpose. (See our *handout for more information.*)

**Adoption Triad** is a triangle which symbolizes the three parties involved in an **adoption**: adoptee, adoptive parents and birth parents.

And the heart symbolizes the love they share for each other.

As we start a new year, we ask for on-going prayers for St. Elizabeth| Coleman

### **Our history....**

In 1915, the Daughters of Isabella, founded St. Elizabeth’s to meet the needs of local women and children during World War I. In 1922 the D of I purchased a home on 10 acres of land at our current address, where they began offering adoption services and residential prenatal medical care to young mothers. In the Early 1990’s Coleman Home, previously “Door of Hope” in 1894, specialized in adoptions of medical needs.

On August 1, 2004, St. Elizabeth and Coleman came together to form a full service agency called, St. Elizabeth| Coleman Pregnancy and Adoption Services. We are committed to provide support and compassion as well as professional assistance to pregnant women and families facing adoption and parenting decisions.
